Bright Star Kids Fundraising FAQ's

Can we sell all of Bright Star Kids products?

Yes, you can promote all of our products, from the very popular Kids Labels to the Wall Art. There's bound to be something to suit everyone in the family. We recommend that you get people to go directly to our website through your unique link that will be given to you when you sign up.

What happens if some of our parents don't have Internet access or don't like to shop online?

You can let people who can't shop online order through a printed catalogue form. You will need to collect all of these orders and enter them through our website. Contact us if you need help with this.

Do we need to sell a minimum amount?

No, there are no sales targets to meet. But to ensure that your group receives its commission payment every quarter, your group needs to make a minimum of \$50 (ex. GST) in commissions, which should be an easy to reach target.

Will our fundraising code expire?

No your fundraising code won't expire. If we don't see any activity within a 3 month period, we will be in touch to see if you want to continue or cancel your account.

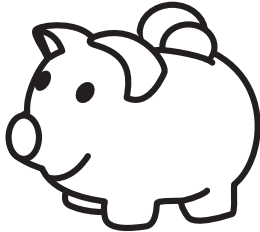

If your group continues to sell products on an on-going basis, we will presume that you want to continue fundraising with us. We can send you out more promotional fliers throughout the year.

Can we get catalogues to hand out?

To keep our costs down, and transfer this saving to you, we don't send out bulk amounts of catalogues. Instead we will send you as many fliers as you require, which give people all the information they need to head to our web site, buy products and give 15% of their sale to you.
